About us:

GKF Nursing Institute, Bhubaneswar under Gurukrupa Foundation Trust aims to provide the next generation of Health serving entities to the world. It's an endeavour to create an ecosystem that celebrates and nurtures the potential within each candidate to be an asset in Health Care sector. Our faculty members are distinguished scholars and experts in their respective Fields with a commitment for fostering Academic Excellence and personal growth of our students. With a range of Programs and Courses in different disciplines we offer a dynamic and Challenging experience and Career to our students for success in the rapidly involving global healthcare.

We prioritize student success and provide a comprehensive support system that includes academic advising, Career Counseling and opportunities for internship and experimental Learning. Our graduates are trained to succeed in their chosen careers with examples of self-discipline to take a positive impact in their serving community.
